The first steps in algebra

By George Albert Wentworth

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1899 Excerpt: . . . C. F. $(a; 3y)$. 3. Find the H. C. F. of $4a; 2-4a; -80, 2s^2-18a; 40. 4a; 2-4a; -80 4(x-x-20) 4(-5X 4); 2a; 2-18a; 40 2(a; 2-9a; 20) 2(a; -5)(a; -4)$. . . the H. C. F. $2(x-5)$. To find the H. O. F. of two or more expressions, therefore, Resolve each expression into its simplest factors. Find the product of all the common factors, talcing each factor the least number of times it occurs in any of the given expressions. Note. The highest common factor in Algebra corresponds to the greatest common measure, or greatest common divisor in Arithmetic. We cannot apply the terms greatest and least to an algebraic expression in which particular values have not been given to the letters contained in the expression. Thus a is greater than a , if o stands for J . 123. Oommon Multiples. A common multiple of two or more integral numbers is a...

Reviews

It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.

-- Doyle Schmeler

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
